

Have you heard about the crowds?

What about them?

The police has been inquiring about them for 2 days now...

They've disappeared I heard.

Disappeared?

That's sudden - Why...

Excuse me.

I have some questions to ask.

Us ?

Yes...

Have you seen any suspicious -

Did something happen?

Any info on the suspects for the disappearances?

I apologize...

But even the latest disappearance left no traces and no bodies to be found.

We can assume this is done by the same criminal.

There has not been a single witness in addition...

It has complicated the matter ...

Slap

Face me.

Hard to find the suspects?

No witness?

You call that a report?

Get a hold of yourself !

The Goddess festival is coming soon.

And it will be 2500th.

Nothing is more important than getting an end to this.

I apologize...

I will find suspects in few days.

You must end this before the Goddess festival starts.

You must.

Understood perfectly, sir.

Let us go.

Let me [see] them.

Yes, I understand.

Something of which, Inspector.

I do have a question.

What will happen to the captured?

The four adults who appear to be their parents.

Will be executed ASAR.

And their children well...

Yes.

Professor, are you sure about this?

I realize I was the one who brought you into this.

But going in there alone does sound risky.

We should accompany you.

It's alright. There won't be rewards if you don't take risks.

But...

My magic will not activate if there is someone else in the vicinity.

There is no other choice. I will be alright.

Come on in.

Do you want a warm drink?

Ah, let me ...

No, let me. I am sure you are feeling deeply unsettled.

Okay, let me see...

I am so glad...

That grandpa came to take me back...

I am so glad ...

Are you feeling settled now?

... Yes.

I was really scared back at the station...

I was suddenly taken there ... it happened so fast ...

I thought I did something wrong...

I mean Mr. Lucas asked me weird questions.

"Weird questions"?

Yes, like asking about desire to eat...

The most shocking question was asking me whether my eyes changed colors.

... Eye color?

Few days ago, when I had a dream...

I saw my eyes change to yellow...

I felt like he knew about it ...

당백

Eyes...

Your eyes... turned yellow ?!

When?

2 days ago... I think.

Are you sure ?!

Just before Goddess festival...

But it was just a dream.

Actually, no I just woke up and saw wrong. That's all.

... Grandpa ?

What?

So, does that mean he doesn't have to consume human flesh?

What else happened?

What do you mean?

Anything out of ordinary?

Anything?

Anything out of ordinary at all ?

Anything at all ?!

Something...

Something's not right...

Something about him feels different...

He doesn't feel like the grandpa I know.

Something...

Different...

Something...

무서워...
He... feels scary...

No, nothing happened...

Um... I am alright now ...

I want to go home.

Thank you...

Home ?

What home?

Where is your home?

Yes?

Denzel...

From now on...

You will stay with me... And we are going far, far, away ...

Hah... You've grown up well...

I feared that you might have to ...

consume human flesh in order for your eyes to turn yellow...

But it looks like that wasn't the case at all...

You should have seen them. Too bad, oh well.

You are staying with me.

Do you understand ?

Denzel

For past 17 years,

I've poured everything onto you. I am gambling on you.

Listen ...

In our world

Everyone is born with a magic.

That identifies each one of us.

That we cannot change...

God damned magic ...

I resented the fact...

And then

I saw on that day.

The powers that those yellow eyes had.

I met a crazed woman

who had two different elements of magic

which scholars claimed adamantly that it was impossible.

It was your mother, Denzel.

I saw a possibility that ...

I might be able to obtain another element of magic.

Grandpa..

A possibility...

Go away, Denzel!

Don't touch him.

We will red our names!

Don't come with us!

I did not want this power.

I did not want...

Grandpa !

Denzel...

You are... too precious...

Too precious to me...

Quiet...

Quiet.

Sssh....

Mo -

Mom!

Professor, are you there?

Professor -

It's me, Seanan.

33..!

I didn't think she'd come...

That makes this even more complicated...

Now, Denzel, it's up to you now.

If you scream or do something I won't like

Well... it won't be too hard to break her neck.

.....!!

Stay there - quietly -.

Until your grandpa is back...

Alright, very good...

I will be back soon.

Professor ?!

Professor !

Professor ?! Hello ?!

Strange...

The light is on...

Seanan?

Ah

What brings you here at this hour ?

Professor!

Is Denzel here by any chance?

Denzel?

No, he is not here...

Eh? If he is not here...

He's not home yet? He's probably with friends then.

He has never been this late before...

You shouldn't worry too much. He is 17 years old now.

Yes but...

Wait, professor ...

My God

What happened to your hand?

Ah...

I was in a middle of an experiment...

I guess it's from that moment...

Please be careful.

I've always told you that -

You are like my father ...

Look after yourself and live long...

And we will do experiments together for many more years.

Yes, you are right ...

I will be careful. Thank you.

I will be going now. Sorry for bothering you at this hour.

I see..

I will stop by the police station...

The... police?

Yes, Mr. Lucas is there and ...

Might as well ask Heather.

Lucas, yes...

He is there, yes...

Alright.

I will go with you.

You don't have to ...

You have me worried as well.

Let's go to the police station.

And ask Lucas

About Denzel.

I will go with you.

And

Let's ask Lucas
about Denzel.

At that time,
Professor Carroll thought...

What he was going to
do about Seanan.

Try to persuade her?

No, this is not
something he could
persuade anyone
at this point.

He was planning to disappear
from the face of the society
by next morning.
With Denzel of course.

He just needed time.
And not much of it.
He just needed to occupy
Seanan for a night...

Just for tonight

Denzel
Westwood...

Denzel
Westwood...

They are too close.

I shouldn't have
let them become
too close...

In the worst
case...

What is it?

Sir ...

Professor Carroll
is here...

And he's with
Professor Westwood...

Professor?
Why did you
come back?

"Come
back" ?

And Professor
Seanan, what
brings you here?

I am here to
ask you about
De ...

Lucas -

I need to talk to you.

Professor ??
What's going
on ?!

It's nothing and
it won't take long.

Ah, um ...

Pardon?

Seanan is trying to
take Denzel away
from you ?

Yes... and she
won't listen to reasons.

It was hard to bring
her here even.

You do realize that
we cannot do this
without her knowing.

And you would know
how much Denzel
means to her.

I want you to talk to
her. Take it slow and
tell her everything.

... I see your point.
I will talk to her.

Oh, and ...
If ...

If she still refuses to
let the government take
Denzel... what will
happen ?

If she refuses?

Does that matter ?

This is strange...
All I needed was
just ask him...

The professor
was acting
weird as well.

... I don't have
time to waste
like this ...

Maybe, he
came home.

I should just
leave...

Inspector !

I came here only
to ask about Denzel...

Professor
Seanan...

Please come
with me.

This way, please.

Um...
inspector ... ?

Where are you
taking me...

Isn't this way
to the prisons?

Inspector?

Inspector !

Lucas !

Answer me!

Where are you going?!
I don't have time to
waste like this!

I brought you
here to ...

Talk about
Denzel,
Professor.

What?

What...

Is this ... ?!

Could that be...
Is it a human ?!

Wait...

That is alive?!

Have you been performing
human experiments on
live humans ?!

What night under
the police station
all along?!

We had no choice.
They were too aggressive.

That is not the point !
How could you do something
like this ?!

17 years ago

There was ...
an incident.

An incident that was
never exposed to the public.

The incident involved kidnapping
and murders.

There were six
identified victims.

And other
12 victims that
could not be identified
because they were just
bones...

In the end, we captured
a man and a woman
and their two children.

However, when we thought it was
over, similar incidents
continued to happen.

From the east
forest...

From the southern
canyon...

Even from western
lake...

There was something common among
the offenders that we captured.

It was that every one of
them had yellow eyes.

We eventually started
to call them
"Yellow eyes".

The government
gathered a small
group of researchers
and formed a team.

Professor Carroll
was one of them.
And we started to do
experiments on
them.

... Professor Carroll?

Now, let me get back
to the story of the first
family.

The two adults were executed
right away.

But we spared their two
children due to the
professor asking
us to let them live.

The younger child died soon
after but the older child was
a very special case.

Even he died about
3 years ago however.

Lucas, wait.
What does that have
to do with ...

That wasn't everything,
Professor.

Mrs. Westwood.

When we captured the first
family, it turned out that
we did not capture everyone.

When we captured
them 17 years ago,

We somehow missed
out on a baby.

I am talking about Denzel.

... What?

Denzel is... what ?

Denzel is... what ?!

You must be mistaken !

Listen, Lucas !

You must be mistaken...

I understand what you are going through.

And as a father, I do understand.

I was told that you were going to take Denzel away.

Where did it go wrong ?

Maybe ...

This is just a dream ... ?

다들
말하잖아
꿈이냐고

덴젤, 넌 내게 너무 소중한...
Denzel, you are too precious to me...

I am not going to lose you to the police.

Be a good boy.

You are going to stay with me from now on ...

Maybe

This is just a dream.

Because being tied up like this ...

I didn't know what to do anymore.

And I stayed still like a dead piece of meat

For a long time.

Mom ...

Grandpa...

Told me weird things...

Experiments...

cannibalism
and that I was the
only specimen
left...

And...

Mom...

Am I ...
not your son?

... What?

DAMN IT !

SEANAN!

SEANAN!

NOT HIM!

YOU CAN'T
TAKE HIM!

HE IS ... !!!

HE IS MINE !!!

Am I not your
biological son ?

.....

Denzel...
listen ...

I've never...

thought of you
any less because
you were not
born from my
womb.

I've never !

Trust me...

Mom...

... specimen ?!

They are going to do
experiments on Denzel ?!

No ...

They cannot !

I cannot trust
anyone ! Not the
police and not
the professor !

I have to
protect him !

I have to protect my
child !
